Click on "Setup TOTP".

The screenshot shows the MyAPNIC user interface. At the top right, the user is identified as JOHN with the account name APNICTRAINING-AU and a LOGOUT button. The navigation menu includes Home, Resources, Admin, Contact, Tools, Events, and My Profile. The main heading is "My Profile", and the sub-menu options are Memberships, Password reset, Account permissions, TOTP (which is selected), and Digital certificates. A text block explains that TOTP (Time-based One Time Password) provides an extra layer of protection and requires installing an authenticator app. A "Setup TOTP" button is visible below the text. At the bottom, there is a copyright notice: © Friday, 18-Mar-2016 10:27:37 EST APNIC | Feedback | About MyAPNIC | Need help?

Scan the QR code or enter the secret code into your authentication app. You will receive a six-digit security code.

This screenshot shows the next step in the TOTP setup process. The user interface is identical to the previous screenshot, but the "Secret Code" is now displayed as BJKAWCWBBZWCK3X7. Below the secret code is a large QR code. Two steps are listed: Step 1: Scan the QR code or manually enter the secret code into your app. Your app will then generate a six-digit security code. Step 2: Enter the security code and click 'Confirm'. A form field labeled "Six-digit security code" is provided, along with a "Submit" button.

Key in the six-digit security code and click on “Confirm”.

TOTP (Time-based One Time Password) provides an extra layer of protection for your account. Before you setup TOTP, you need to install an authenticator app in your smart phone, tablet, or computer. [Read more.](#)

Secret Code: BJKAWCWBBZWCK3X7

Step 1 Scan the QR code or manually enter the secret code into your app. Your app will then generate a six-digit security code.

Step 2 Enter the security code and click 'Confirm'.

Six-digit security code

The below message will be displayed after which you need to log out and log into MyAPNIC again. Please keep a record of the one-time back code.

✓ Success

TOTP registration submitted. To complete the setup, please log out of MyAPNIC and login again.

Please keep a record of the one-time backup code below. You will need this if you are unable to generate your six-digit security code.

One-time backup code: **AP-RbEjxdmdWKC3eVxOLjfefUsfBjkTzLdf**

If your six-digit security code does not match, please check that your phone has automatic time zone setting selected.

Key in your credentials and click “Login”.
