

APNIC 48 Policy Proposal Outcomes

Outcomes of Policy Proposals discussed at APNIC 48

An Open Policy Meeting at APNIC 48 in Chiang Mai, Thailand, considered the following proposals.

[prop-124-v006](#): Clarification on Sub-Assignments

Version 6 of this proposal did not reach consensus. Speakers for and against the proposal could not come to an agreement. This proposal was discussed at APNIC 46, APNIC 47, APNIC 48 and failed to reach consensus among the community members so the SIG Chairs decided to abandon this proposal.

[prop-126-v004](#): PDP Update

Version 4 of this proposal did not reach consensus. Speakers for and against the proposal could not come to an agreement. The APNIC EC directed the Secretariat to review the current Policy Development Process (PDP) and report any recommendations to the community.

This proposal was discussed at APNIC 46, APNIC 47, APNIC 48 and failed to reach consensus among the community members so the SIG Chairs decided to abandon this proposal.

[prop-130-v001](#): Modification of transfer policies

This proposal did not reach consensus. Speakers for and against the proposal could not come to an agreement. The Chair said, if the author wished to continue with the proposal, he should consider all the comments and adjust the proposal for resubmission to the next OPM.

[prop-131-v001](#): Editorial changes in IPv6 Policy

This proposal reached consensus at both the Policy SIG and later at the APNIC Member Meeting (AMM). The Secretariat will implement this policy within the usual three months from the time of the APNIC EC endorsement.

[prop-132-v002](#): RPKI ROAs for unallocated and unassigned APNIC address space

This proposal reached consensus at both the Policy SIG and later at the APNIC Member Meeting (AMM). The Secretariat made the community aware that this proposal will take six months to implement instead of the usual three months, as it requires changes to the registration system. This proposal was endorsed by the APNIC EC.
